# Help us shape continuing competence resources

02 November 2023

All solicitors have a responsibility to keep their knowledge and skills up to date and provide competent legal services.

We ask that the profession makes an annual declaration about its competence – that it has reflected on their practice and addressed any gaps in their learning and development. To help this process, we have [a range of support materials](https://guidance.sra.org.uk/solicitors/resources-archived/continuing-competence/cpd/continuing-competence/) [https://guidance.sra.org.uk/solicitors/resources-archived/continuing-competence/cpd/continuing-competence/], available, including those for specific practice areas.

We want to make sure that these materials are as useful as possible, and want your views on our continuing competence resources. To give us your feedback, complete this short survey to help us understand how you use them to keep your knowledge and skills up to date.

The survey takes less than five minutes to complete and will help us improve the resources we offer.
